CLAY CITY, KY., THURSDAY, MARCH 5, 1903.

NO. 10.

Reminiscence of a County Citizen.

(Continued From last Week.)

My father was a justice of the peace from '66 to '74. His first official act was trying "forcible entry and detainer" cases in the region of the old Estill Steam Furnace. The land in that vicinity seemed to be a home of contention. Abolition robbery was committed there on some Negroes in the Colon job, on the head of the South Fork. The colored brethren promptly came to my father "fer rites". They were issued to them and given to Constable Frank Johnson, (now of Clay City.) He, together with William Combs, jailer, began the hunt. They arrested several suspects, but the Negroes could not identify any of them. About midnight in April, '70, three men came to our house and wanted to see the Squire. The door was opened; they came in; it was Rev. Ira Wells and L. M. Duff, who had in charge John Bryant, who had killed his wife at her father's home, Isaac Baker, on Stump Cave branch. They wanted to deliver him up to the Magistrate. My father informed them that they must take him to the Constable. They took him on. The case in the Circuit Court was continued three or four times when he was taken from the jail at Stanton by a mob and hanged just beyond Judy Creek.

In the Fall of '74 my brother-in-law concluded to move with his family to Illinois.

Well, I had not yet sowed my "wild oats," so I concluded to go

with them. We went by wagon to Hedges, on the C. & O.; Stayed at the hotel there where Mr. Fisk was proprietor. Next morning at 6:30 boarded the train and pulled out for the "Far West." At 1:30 we pulled into Vincennes, Ind. At the next station beyond there, I was sitting in my cushioned seat about half asleep when some one took hold of me and said: "Come with me." I asked him what he would have; he said, "you, man." Just then a fellow passenger who had been riding the train from Louisville, stepped up and said: "When I awoke my purse was lying in the seat by me turned inside out," and this man was the next to me. They then told me to come on out of the car. I went out with them. When we stepped out on the ground about half a dozen came up; they searched me, but as luck was in my favor, my brother-in-law was the cashier of our crowd. They looked at my ticket, gave it back to me. The leader said, "well, we will keep you until our police court sits which will be three months off." Just then one of the crowd took me aside and, said "these fellows have no right to have you out here. Give me \$2.50 and I will turn you loose." I stepped toward the door in the coach, when I saw my brother-in-law and family getting off. As soon as the would-be robbers saw them coming out, they all separated. The "spotter" was the man on the train who claimed he had been robbed. After we got back into the coach and it began to move, the same thief came

through the car, brushed past me with a pair of brass knucks on his right hand. He would not stay in the coach with us. He got off at Oden, Ill. just at daylight.

TO BE CONTINUED.

The Country Bred Boy.

A glance at a list of the great men of the big cities of the United States will prove beyond a doubt that the country bred boy is far superior to his city born cousin in point of business and professional ability and general capacity. Many reasons are advanced for the success of the country boy in the large cities, but the one that seems to hit the nail on the head is that the youngest of the provinces is taught to work, and by that is meant a good honest day's work, one of 12 hours. He is a stickler, too, who is willing to start in at the bottom, and when you find a country boy who is a worker and a stickler he is invincible. You can't keep him down.—Ex.

Ready For Another College.

Rockefeller's slice of the Standard Oil Company's dividend, payable March 16, is eight million dollars. This is his share of the earnings for the last quarter. The poor people have contributed mainly to the accumulation of this enormous dividend by paying an additional five cents a gallon for the oil they burn. Another college can now be endowed.

Big Business.

A report just prepared by Auditor Coulter shows that within the last ten years the Life Insurance Companies doing business in Kentucky, have collected in premiums in the State \$20,000,000 more than they have paid back to the people of the State in death losses, agents commissions and other expenses.

New Congressman.

The Tenth Congressional district now has a new Congressman in the person of F. A. Hopkins whose term began Wednesday when Congress adjourned. While his salary begins running at this time, he will render no service until next December when Congress convenes again.

Off For Indian Territory.

About 150 immigrants from the eastern part of the State passed through Lexington Tuesday en route Muscogee, Indian Territory, to file claims for certain Indian lands which they have been notified by lawyers in that section that they have inherited.

An exchange says: It may sound startling, but statistics say it is true that more young men are learning trades in penitentiaries than out of them, because parents are trying to make clerks, doctors, lawyers and even preachers, out of material intended for carpenters, blacksmiths, printers and other mechanical trades. The trouble is, that boys are eager to avoid the labor of life, and are too anxious to follow some calling that does not soil their hand.

He is a fool who in the cup
His sorrow tries to drown.
You cannot keep your spirits up
By putting spirits down.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

For Just 40 Cents.
(Contributed.)

This nice little town with a farming region around it makes one of the garden spots of the world; but with all your blessings you can't get along without the saloons to debauch your village and ruin your boys, because you need the license money. How much is the license? Some one answered \$300.

The liquor dealer says if you will let us d—n this town we will give you 40 cents. (40 cents is considered equivalent to a drunk.)

A 200-pound hog brings \$12 a piece and folk's souls 40c in whiskey a head. Say, Brother, don't you wish you were a hog?

For 40 cents each you turn your boys over to be debauched; the hearts of mothers to be crushed, and the town to be ruined—all for 40 cents.

There is not a man of you who encourage the saloon in your town but what deserves that every boy you have shall fill a drunkard's grave, and your daughters live in the embrace of drunken husbands. Do you want your boys to drink, or your girls to marry drunkards?

You surely do not think your boy will not drink, but that your neighbor's may. Why don't you tell the truth and say I want the "40 cents."

BOYS Do you want to join a secret society? Here is your opportunity to become a member of an organization having secret signs, a password, a secret code of writing, and many other fascinating features. Everybody is joining. For particulars, enclose a two-cent stamp and address Ivan Johnson, 426 W. Main street, Louisville, Ky., and he will also send you a nice present, FREE.

Wakeful Children.

For a long time the two year old child of Mr. P. L. McPheerson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by all dealers in patent medicine.

The TIMES is the paper for home people.

Colds Are Dangerous.

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. For sale by all dealers in patent medicine.

Chamberlain's Colic Cholera and Diarrhoea Remedy.

Is the best and most popular medicine in use for bowel complaints. It never fails and is pleasant to take. Mr. R. Woodward, of Roslyn, Ky., says, "I have handled Chamberlain's Colic Cholera and Diarrhoea Remedy for twelve years; have never sold a bottle that did not give perfect satisfaction, and it is the best selling diarrhoea medicine that I handle." For sale by all dealers in patent medicine.

A Test Suit.

Gov. Beckham has determined to settle the question of his eligibility to re-election, and to that end has arranged to file a test suit. He has made a formal request of Chairman Young to place his name on the ballot as a candidate for Governor before the State Democratic primary. Mr. Young has suggested that legal steps be taken to determine his eligibility, and a mandamus suit against Mr. Young and the State Committee will be filed probably in Woodford county. It will be decided as soon as practicable and will then be taken to the Court of Appeals for final decision.

READ IT THROUGH.

"'Twould Spoil This Story to Tell It in the Headlines."

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all dealers in patent medicine.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.
